first published to wide critical acclaim in 1992 the two cities has become an essential text for students of medieval history for the second edition the author has thoroughly revised each chapter bringing the material up to date and taking the historiography of the past decade into account the two cities covers a colourful period from the schism between the eastern and western churches to the death of dante it encompasses key topics such as the crusades the expansionist force of the normans major developments in the way kings emperors and popes exercised their powers a great flourishing of art and architecture the foundation of the very first universities running through it all is the defining characteristic of the high middle ages the delicate relationship between the spiritual and secular worlds the two cities of the title

this survey provides all the facts and background information that students need and is defined into straightforward thematic chapters it makes extensive use of primary sources and makes new trends in research accessible to students its fresh approach gives students the most rounded lively and integrated view of the high middle ages available

providing an indispensable resource for students and scholars studying the history of medieval women and gender this book provides a comprehensive depiction of women s lives in the 14th and 15th centuries

studies on the cultural social political and economic history of the age this collection presents new and original research on the long thirteenth century from c 1180 c 1330 including england s relations with wales and ireland the range of topics embraces royal authority and its assertion and limitation the great royal inquests and judicial reform of the reign of edward i royal manipulation of noble families weakening royal administration at the end of the century sex and love in the upper levels of society monastic layrelations and the administration of building projects contributors ruth blakely nicola coldstream beth hartland charles insley andy king samantha letters john maddicott marc morris anthony musson davida postles michael prestwich sandra g raban bjorn weiler jocelyn wogan browne robert wright the editors are all in the department of history university of durham

the classic political study of how elite forces shape mass media edward s herman and noam chomsky investigate how an underlying elite consensus structures mainstream media here they skilfully dissect the way in which the marketplace and the economics of publishing significantly shape the news this book reveals how issues are framed and topics chosen and the double standards underlying accounts of free elections a free press and governmental repression between nicaragua and el salvador between the russian invasion of afghanistan

and the american invasion of vietnam between the genocide in cambodia under a pro american government and genocide under pol pot what emerges from this ground breaking work is an account of just how propagandistic our mass media can be and how we can learn to read them and see their function in a radically new way
